By Dr. Travis Miller

Strive and Thrive in '25!

As we turn the page to a new year, I want to challenge our students, families, and staff to reflect on what they've accomplished and to envision what lies ahead. A new year brings new opportunities, and I encourage everyone to think about what striving and thriving means to them in 2025.

The start of a new year offers an ideal time to reflect, dream, and plan. I encourage everyone in Bobcat Nation—students, staff, and families alike—to set ambitious yet attainable goals for the year ahead. What do you hope to accomplish? How can you turn your aspirations into reality?

Visualizing success and taking the first step toward achieving it can make all the difference. Let's embrace 2025 with optimism and determination, knowing that the future is full of possibilities.

For our staff, this is a time to recommit to our shared mission of empowering individuals to become resourceful, respectful, and responsible lifelong learners. As educators, we have the privilege and responsibility to guide, inspire, and support our students as they pursue their dreams. Let's continue to foster a culture of high expectations and unwavering support throughout the new year.

For families, I encourage you to partner with us in helping your children reach their potential. Take time to have conversations with your children about their goals and dreams, and work together to create a plan for success. Your involvement is invaluable, and together, we can create an environment where students thrive.

As we step into 2025, I am filled with hope and excitement for what lies ahead for Bobcat Nation. Let's make this a year of progress, growth, and achievement for all. I am confident that with our collective efforts, we can accomplish great things.

As always, I welcome your thoughts and ideas on how we can continue to make this school year exceptional. Please don't hesitate to reach out—whether by phone, email, or a visit to the office. Your input helps us grow and improve every day.

Keep up the outstanding work, Bobcat Nation, and let's make 2025 a year to remember!

FIRST DAY OF SECOND
SEMESTER

ELEMENTARY EXCERPTS

I hope everyone had a wonderful holiday break and some much-needed time off.

With colder temperatures, please have students dress appropriately at school. We have recess outside as often as possible and would like to keep our students comfortable in all kinds of weather.

Even though we haven't had a lot of snow this year, there will probably be some during the third quarter. Having students keep an extra pair of pants in their backpacks can help keep them warm and dry if they get wet outside. In mid-January, we will again administer the NSCAS Growth and MAP Growth test to our students. The best thing for the students to do is get a good night's sleep and eat some breakfast in the morning. I know our students will do well and thank you for encouraging them to do the best they can.

A few weeks ago, Keep Alliance Beautiful announced the winners of their recycling scavenger hunt. The winners were: Kimberlee Ansley, Kevin Sorensen, and Cecilia Arneson. Way to go and keep recycling!

NEBRASKA SMART IS A FREE VIRTUAL TUTORING PROGRAM FOR STUDENTS IN GRADES K-12.

Teacher education candidates from Chadron State, Peru State, and Wayne State Colleges remotely tutor students in rural Nebraska. This program is currently offering services to:

- All NRCSA member school districts
- Educational Service Unit 1
- Educational Service Unit 4
- Educational Service Unit 13
- Other select smaller rural school districts

Visit our website for the full list of school districts served.

HOW IT WORKS

Nebraska students in grades K-12 have free access to online tutoring with a qualified Tutor in English, math, science, and social studies. Parents must first register their child. Once registered, students can request pre-scheduled appointments with a Tutor or log in and request on-demand tutoring to be connected with the next Tutor available in the queue. Students should provide homework for which they wish to receive help or topics that they would like to cover.

TUTORING HOURS

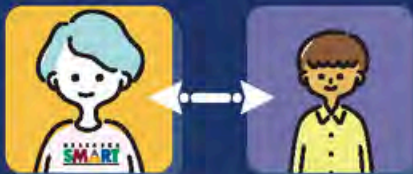

OUR PARTNERS

The Nebraska Department of Education has awarded a grant to the Nebraska State Colleges to develop a program that provides free online tutoring to K-12 students in rural Nebraska.

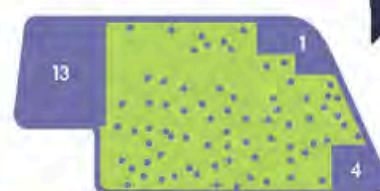

OUR TUTORS

Tutors are full-time students at Chadron, Peru, and Wayne State Colleges who have been admitted to the teacher education program, have completed background checks, and received training through their teacher education program coursework.
